

Pacer 30

Wide-Area Vacuum

The Pacer 30 is the smart choice for fast, effective vacuuming of large carpeted areas. Its dual 1-HP vacuum motors provide impressive cleaning muscle in a single 30-inch (76.2 cm) pass.

- A unique vacuum muffling system, combined with extraordinary filtration make the Pacer 30 an exceptionally quiet wide-area vacuum.
- The large rear wheels and front swivel casters mean easy maneuverability.
- The Pacer 30's compact profile, adjustable handle, and self-propelled brush action make it easier and less tiring to use, compared to competitive vacuums.
- At a steady work pace, the Pacer 30 will cover 19,000 square feet (1,767 m²) of carpet per hour.
- The Pacer 30 is ideal for reception halls, meeting rooms, hotel hallways, airport terminals, or any other large areas that demand high performance cleaning in a hurry.

- 1 Padded handle grip provides increased operator comfort and machine control.
- 2 Ergonomic four-position handle adjusts to operator's height.
- 3 Durable polyethylene body won't dent or corrode.
- 4 Double-row nylon brush rotates at 1725 RPM for self-propelled action and deep cleaning.
- 5 "Quietbox" muffles vacuum noise and filters exhaust air for quiet, clean operation. HEPA filters optional.
- 6 Toe pedal makes adjustment to different pile heights easy—five positions to select from.
- 7 Compact profile reduces the distance dirt travels from vacuum intake to the filter bag for more efficient air movement.
- 8 Handle folds down for convenient storage.
- 9 Dual deadman levers provide fingertip control of brush and vacuum motors.

Ergonomic handle adjusts to operator's height, reducing operator fatigue.

"Quietbox" muffles vacuum noise and filters exhaust air for quiet, clean operation.

Optional HEPA filters help reduce indoor air pollutants.
